

# Call Me, Maybe

Learn your phone number by practice dialing on the cell phones!  
A teacher writes your phone number in the phone's window for you to dial. Practice dialing on the phone to help you remember your number. Use the mini-number cards to arrange your phone number in correct order.

Practice writing your phone number on the worksheet and then color in the phone with the correct numbers.

For extra practice, use the "My phone number is..." worksheet to write your phone number for memorization.
